CAREER SUMMARY:

Computer Science Engineering graduate with skills in C/C++, Networking, Data Analytics, Linux, Windows, and AWS EC2. Completed a 6-month internship with hands-on experience in software development and system support. Eager to start a career in IT and contribute through technical skills, problem-solving, and continuous learning.

WORK EXPERIENCE:

Software Development Intern

Tantransh Solutions, Nagpur | December 2025 – June 2026

- Built TCP client-server applications using C/C++ socket programming.
- Applied TCP/IP networking concepts including handshake, sequence numbers, and ACK mechanisms.
- Analyzed and troubleshooted network traffic using Wireshark and tcpdump.
- Worked in Linux (Ubuntu), Windows, and AWS EC2 environments.
- Developed and tested system-level and network-based applications using C/C++.
- Worked with REST APIs for application integration and communication.
- Participated in software development, debugging, testing, and maintenance activities.
- Collaborated with team members following SDLC best practices.

RELEVANT PROJECTS:

Indian Sign Language (ISL) Translator

- Tools & Technologies: Python, OpenCV, MediaPipe, TensorFlow, Flask
- Developed a real-time Indian Sign Language (ISL) to text translation system using computer vision and deep learning techniques.
- Implemented hand gesture detection and tracking using MediaPipe and OpenCV.
- Trained and integrated a machine learning model to recognize ISL alphabets and words with high accuracy.
- Built a Flask-based web application for live gesture-to-text translation.
- Enhanced accessibility and communication for individuals with hearing and speech impairments through real-time sign language interpretation.
- Optimized model performance for efficient real-time recognition and user interaction

Key Skills: Python, OpenCV, MediaPipe, TensorFlow, Flask, Computer Vision, Deep Learning, Machine Learning, Gesture Recognition, Web Development.

EDUCATION:

2022 – 2026 | G.H RAISONI UNIVERSITY, AMRAVATI, INDIA

Bachelor of Technology in computer Science Engineering. CGPA : 7.05

2020 – 2022 | SHRI. R.R. LAHOTI JUNIOR COLLEGE, MORSHI, INDIA

Pre-University Education

2020 | SHANTINIKETAN SCHOOL MORSHI,INDIA

High school Score : 86.40

CERTIFICATES:

- 100 Days of Code: The CompletePython Pro Bootcamp. -Udemy
- Green Skills and Artificial Intelligence. - Edunet Foundation
- Ultimate Data Analytics and Bundles of Visualization. -Udemy
- Generative AI. - FirstBit solutions
- C++ Programming - CCIT

SKILLS:

- Programming Languages: C, C++
- Networking: TCP/IP, Socket Programming, Client-Server Architecture, Network Troubleshooting
- Operating Systems: Linux (Ubuntu), Windows
- Cloud Computing: AWS EC2
- Tools & Technologies: Wireshark, tcpdump, Git, GitHub, REST APIs
- Software Engineering: Software Development, Software Testing, Debugging, SDLC
