CAREER SUMMARY:

Computer Science Engineering student at GH Rasoni University, Amravati, skilled in C/C++, networking, and data analytics, with experience in Linux, Windows, and AWS EC2.

WORK EXPERIENCE:

Software Development Intern | 22 December, 2025 - 21 June 2026

Tantrash Solutions, Nagpur

- Built TCP client-server applications using C/C++ socket programming
- Applied TCP/IP concepts (handshake, sequence numbers, ACKs)
- Analyzed packets using tcpdump and Wireshark
- Worked on Linux (Ubuntu), AWS EC2, and Windows environment
- Practiced C/C++ programming for system and network applications

RELEVANT PROJECTS:

Face Liveness Detection System

- Rackathon
- Developed a Face Liveness Detection system using Python, OpenCV, and Dlib

Indian Sign Language (ISL) Translator

- Tools&Tech Python, OpenCV, MediaPipe, Flask, TensorFlow
- Developed a real-time ISL to text translator using computer vision and deep learning.
- Hand gesture recognition with MediaPipe, trained model for ISL alphabets/words
- Flask-based web app for live translation, enhancing accessibility

EDUCATION:

2022 - 2026 | G.H RAISONI UNIVERSITY, AMRAVATI, INDIA

Bachelor of Technology in computer Science Engineering. CGPA : 7.36

2020 - 2022 | SHRI. R.R. LAHOTI JUNIOR COLLEGE, MORSHI, INDIA

Pre-University Education

2020 | SHANTINIKETAN SCHOOL MORSHI,INDIA

High school Score : 86.40

CERTIFICATES:

- 100 Days of Code: The CompletePython Pro Bootcamp. -Udemy
- Green Skills and Artificial Intelligence. - Edunet Foundation
- Ultimate Data Analytics and Bundles of Visualization. -Udemy
- Generative AI. - FirstBit solutions
- C++ Programming - CCIT

SKILLS:

- Programming Languages: Python, SQL, HTML,C++
- Data & Analytics Tools: Excel, Tableau, Power BI
- Machine Learning & Concepts: Data Analysis, Machine Learning, Problem Solving
